

## Restrictor Adjusting Block

- To adjust restrictor flow at gun
- Hardened tip (resists breakage)
- Large adjusting knob
- Compact
- Gauge Port 1/4" NPT(F)

| PART NO. | DESCRIPTION               |
|----------|---------------------------|
| RAB - 6  | 3/8" NPS(F) x 3/8" NPS(M) |
| RAB - 6B | 3/8" BSP(F) x 3/8" BSP(M) |

## Mini-Filter\*

### Stainless Steel Final Filter for All Spray Guns

- Easy installation
- Eliminates prefilter
- Small internal volume (reducing purge time and paint loss)
- Lightweight
- 70, 100, 150, 200, 325, or 500 mesh high capacity filter cartridge, replaceable
- Low cost

| PART NO.     | SIZE                  | PART NO. FOR BSP | FILTER CARTRIDGE ONLY |
