

Silicone Free Certificate

To Whom It May Concern:

This is to certify that Hosco products are inspected and/or tested in accordance with specification requirements. Hosco products meet all qualifications and drawings requirements. Test and inspections specified in the work order have been completed. Any deviation to description is noted. The material is per applicable A.S.T.M. provisions.

Hosco hereby certifies that only silicone free lubricants and/or sealants were used in the manufacturing of Hosco products.
